

### SWW DTP2 Feedback Procedure 2018/19

In most cases, lack of success in the application process is due to the level of competition for places rather than any specific weakness in an application. Consequently, we will not be able to provide specific feedback on the content of an application or advise applicants on how to strengthen any subsequent application. The exception is if an applicant did not meet the minimum entry requirements.

If you would like to request general feedback then please email [swwdtp-enquiries@bristol.ac.uk](mailto:swwdtp-enquiries@bristol.ac.uk). Requests should be made as soon as possible after the decision, and always before the end of the award cycle (29<sup>th</sup> April 2019). Requests for feedback after that point will not be considered. Requests for feedback will be responded to as soon as workload allows. The SWW DTP2 will not consider feedback requests submitted by third parties without the consent of the applicant.

Due to the volume of applications received by the SWW DTP2, we regret that after providing general feedback it is not possible for us to enter into further correspondence with unsuccessful applicants. There is no right of appeal and the decision will not be reviewed. However, concerns that SWW DTP2'S assessment procedure has been incorrectly implemented may be investigated under the SWW DTP2's complaints procedure.
